Experience the Compressortech & Viper *DIFFERENCE*

Automotive Compressor Technology

Remanufactured Automotive Compressors

We are Europe's leader in supplying an all makes program of OE quality Air Conditioning Compressors

New Compressor -

The Viper range of new superior OE quality replacement compressors meet or exceed OE specifications for performance, durability and reliability.

Remanufactured Compressor -

Are totally dismantled, inspected and cleaned. After full inspection, new OE parts replace parts that have worn. After reassembling, working to the standards of OE production process, a full OEM test is conducted to ensure high quality of the Compressortech produced product.

The Compressortech difference is that we Remanufacture and go one step further by including the unit test certificate in the box ready for delivery to the customer.
