THE ONLY UK SPECIALISTS WITH 99% COVERAGE AND OE APPROVAL

We're No 1 for service, range & availability.

If we don't have it in our range, we can remanufacture it.

Compressortech provide a comprehensive range of OEM new and remanufactured air conditioning compressors – plus consumables, tools and the latest diagnostic equipment – to the aftermarket from our modern, centrally-located facility in Warwick.

Our commitment to provide high quality parts with full technical support and customer service means that you can use us with confidence. That's good for you, your customers and your business!
